

COMMUNITY SPONSORSHIP TIERS

Eleanor Roosevelt once wrote *"I don't think any book should be banned by a censor. We should try to educate the public so that it will not buy books that have no literary value... I think an educated public is quite capable of doing its own censoring."*

It is with that spirit, the Eleanor Roosevelt Center and PEN America will host the **2025 Eleanor Roosevelt Banned Book Awards**. By sponsoring this event, you are amplifying the voices of those most impacted by book bans and carrying forward Eleanor Roosevelt's enduring legacy of human rights and free expression.
